OBSIDIAN
CONTROL SYSTEMS

Onyx
Consoles

NX1

The NX1 is the essential lighting controller in the innovative and powerful ONYX platform. Fully featured and unrestricted if offers the complete ONYX experience without compromises in an ultra-compact package.

OBS0001	NX 1

NX2

The NX2 is the ultimate compact yet powerful fully integrated lighting controller. As a member of the innovative ONYX platform from Obsidian Control Systems the NX2 is feature rich and never restricted in its capabilities.

OBS0002	NX 2

NX4

The NX4 is a comprehensive feature packed control surface. With a well-arranged combination of motorized and manual faders as well as an array of playback button the NX4 offers 44 total playbacks in a compact yet extremely powerful package.

OBS0003	NX 4

NX Touch Rackmount Kit

The 19" NX Touch rackmount kit allows the NX Touch to be installed in industry standard racks and enclosures.

OBS0014	Rackmount Kit, NX-Touch/Play

Wings

NX K

The NXK is a small USB powered control surface for ONYX.

OBS0007	NX-K

NX P

The NX P is a motorized fader wing for ONYX.

OBS0008	NX-P

NX Touch

The NX Touch is a powerful yet simple control surface for the ONYX platform.

OBS0005	NX Touch

NX Wing

NX Wing is the complementary USB control surface to Obsidian Control Systems ONYX platform.

OBS0006	NX Wing

USB Interfaces

NX DMX

NX DMX is a USB powered 2-Port DMX Node, providing instant access to DMX In and Outputs as well as RDM communication.

OBS0004	NX DMX

NX Sync

The NX SYNC captures timecode in various SMPTE formats from its 3-pin XLR connection and converts it to a MIDI Timecode (MTC) stream, where it can be read into ONYX or any other MIDI Timecode compatible software.

OBS0009	NX-Sync

ONYX Elite

ONYX Elite is an encrypted USB key to enable 128 ONYX Universes and unlock OSC, MIDI and Timecode features for PC Systems.

OBS0010	ONYX Elite

ONYX Essential

ONYX Essential is an encrypted USB key to enable 8 ONYX Universes and unlock OSC, MIDI and Timecode features for PC Systems.

OBS0012	ONYX Essential

ONYX Premier

ONYX Premier is an encrypted USB key to enable 64 ONYX Universes and unlock OSC, MIDI and Timecode features for PC Systems.

OBS0013	ONYX Premier

NETRON
EtherDMX Nodes

DA2410V

The Netron DA2410V is a compact DIN Rail or Wall Mount Ethernet or DMX gateway with 24x 0-10V analog outputs.

OBS0016	DA2410V

EN12

The Netron EN12 is a powerful high-density Ethernet to DMX gateway with twelve RDM compatible ports.

OBS0026	EN12

EN12-45

The Netron EN12-45 is a powerful high-density Ethernet to DMX gateway with twelve RDM compatible RJ45 DMX ports.

OBS0027	EN12-45

EN12i

The Netron EN12i is a powerful high-density Art-Net and sACN to DMX gateway with twelve RDM compatible wire terminal or RJ45 outputs.

OBS0028	EN12i

EN4

The Netron EN4 is a powerful Ethernet to DMX gateway with four RDM compatible ports.

OBS0029	EN4

EN6 IP

The Netron EN6 IP is a powerful Ethernet to DMX gateway with six RDM compatible ports in a rugged IP66 rated chassis.

OBS0030	EN6 IP

EN6D

The Netron EN6D is a powerful DIN Rail or Wall Mount Ethernet to DMX gateway with six RDM compatible wire terminal or RJ45 outputs.

OBS0031	EN6D

EP1

The NETRON EP1 is a compact Ethernet to DMX gateway with a single RDM compatible port designed for single gang wall mount, truss mount and standalone installations.

OBS0032	EP1

EP2

The Netron EP2 is a compact Ethernet to DMX gateway with two RDM compatible ports designed for wall mount, truss mount and standalone installations.

OBS0033	EP2

EP4

The Netron EP4 is a compact Ethernet to DMX gateway with four RDM compatible ports. It is configurable via its internal web remote and powered over Ethernet or via the USB-C connection.

OBS0034	EP4

RDM6 IP

The Netron RDM6 IP is a six port DMX/RDM splitter in a rugged IP66 rated chassis.

OBS0040	RDM6 IP

RDM645

The Netron RDM 645 is a rugged and compact DMX/RDM Splitter.

OBS0041	RDM645

RDM6D

The Netron RDM6D is a powerful DIN Rail or Wall Mount DMX/RDM splitter with six wire terminal or RJ45 outputs.

OBS0042	RDM6D

RDM6XL

The Netron RDM 6XL is a rugged and compact DMX/RDM Splitter.

OBS0043	RDM6XL

RDM Splitters

RDM10

The NETRON RDM 10 is a first of its kind hybrid splitter.

OBS0039	RDM10

DMX Splitters

DMX10-3

The DMX10-3 is a rackmount 10-port DMX Splitter with dual inputs and freely assignable 3pin XLR DMX outputs.

OBS0023	DMX10-3

DMX10-5

The DMX10-5 is a rackmount 10-port DMX Splitter with dual inputs and freely assignable 5pin XLR DMX outputs.

OBS0024	DMX10-5

DMX10-53

The DMX10-53 is a rackmount 10-port DMX Splitter with dual inputs and freely assignable 5 and 3pin XLR DMX outputs.

NEW

OBS0025	DMX10-53

Network Switches

NS8

The NETRON NS8 is a compact network switch featuring 8 Gigabit ports and PoE+ support.

OBS0037	NS8

NS8 IP

The NETRON NS8 IP is an IP66 rated rugged outdoor network switch featuring 8 Gigabit ports and PoE+ support.

OBS0038	NS8 IP

Power Management

RP2

The NETRON RP2 is an intelligent 2-way DMX Power Relay that is an ideal tool to protect fixtures from damage, lower power consumption, and reducing the overall wear and tear of any lighting system.

OBS0044	RP2

Accessories

BS10-EU

The NETRON BS10 is an elegant wall station for cue or preset recall from the EN12i EtherDMX Node.

OBS0015	BS10-EU

NET Plate

The NETRON Net Plate is a 19" 1U rack cover plate. The design, color and texture perfectly aligns with all other NETRON devices for seamless and clean installations.

OBS0017	NET Plate

NET Plate Brush

The NETRON Net Plate Brush is a 19" 1U rack plate with a nylon cable pass through.

OBS0018	NET Plate Brush

PCB5P

The NETRON PCB5P provides a standard D-Size DMX Output connector on a small PCB.
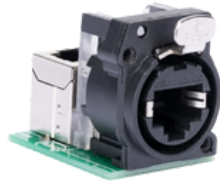

OBS0019	PCB5P

PCBCAT6

The NETRON PCBCAT6 provides a standard D-Size locking CAT6A RJ45 Output connector on a small PCB.	
OBS0020	PCBCAT6

WP1CAT6-EU

The NETRON WP1CAT6-EU provides a CAT6A compliant locking RJ45 connector with a square cover plate, compatible with EU 50mm in-wall boxes.	
OBS0021	WP1CAT6-EU

WP1DO-EU

The NETRON WP1DO-EU provides a 5pin DMX Output connector with a square cover plate, compatible with EU 50mm in-wall boxes.	
OBS0022	WP1DO-EU

Netron RJ-T (Bag of 5)

The NETRON RJ-T is a compact useful adapter to convert ESTA compliant RJ45 DMX ports to a 3-wire screw terminal.	
OBS0035	Netron RJ-T (Bag of 5)

NetShelf

The 19" Netron rack shelf allows up to two Netron products to be mounted. It is provided with a blind plate for the install of a single product and includes all screws required for two devices.Key FeaturesRackmount AdapterCompatible with all Netron 1/2 rack devicesPowder-coated Aluminum Housing	
OBS0036	NetShelf

Cases

Pro Case NX2

A compact flight case to house the NX2 for travel.	
OBS0045	Pro Case NX 2

Pro Case NX4

A compact flight case to house the NX4 for travel.	
OBS0046	Pro Case NX 4
